2013 Scientific Initiation Program (PIBIC) - Brazilian National Council for Scientific and Technological Development

ACADEMIC APPOINTMENTS

University of Fortaleza (Unifor) – Professor, Researcher and Educational Manager
2017 – 2025
Teaching

- **Course:** Designing scientific and multidisciplinary projects (LLM/Specialization)

  Designed to prepare students for the development of their final paper, which may take the form of a scientific article or a practical project aimed at solving real-world challenges related to their professional practice, with a socio-environmental focus. As this course is offered to all Law specialization programs, since 2017, I have taught it to over 2,000 postgraduate students, preparing them for academic research and practical project development.

- **Course:** Access to Justice and New Technologies (LLM/Specialization)

  Addresses the interfaces between technology and the legal system, analyzing its role in improving access to justice and its impact on judicial processes.

- **Course:** Negotiation and Decision-Making (LLM/Specialization)

  Covers negotiation strategies and decision-making processes, emphasizing practical frameworks for conflict resolution and leadership.

- **Course:** Legal Innovation (Undergraduate)

  Develops students' critical analysis regarding the adoption of technologies in the legal field and how these technologies can contribute to ensuring access to justice and other fundamental rights. The final project involves the development of a prototype application aimed at solving real-world legal challenges.

Research and Supervision

- Researcher of the "Virando o Jogo" [Turning the game around] Project

  Research fellow in the evaluation team of the "Virando o Jogo" Project, a public policy initiative by the Government of the State of Ceará aimed at reintegrating young people into school or the workforce. Participated in the development of data collection instruments, data analysis, and the preparation of technical reports for the project cohorts as well as scientific papers.

- Coordinator of the "Digital Justice and Legal Transformation" research group, with undergraduate law students, focusing on research at the intersection of law and technology. The study group was affiliated with the Innovation and Research Center at the Undergraduate School of Law.

- Advised LLM final papers and applied, impact-oriented projects, supporting students in developing impactful initiatives for the justice system.

Leadership and Coordination Roles

- Coordinator of the Innovation and Research Center at the Undergraduate School of Law

  Responsible for facilitating communication between the institution, research and innovation project coordinators, and students engaged in or interested in research. During this period, I contributed to the development of a researcher training track for scientific initiation, which is in its third year.

- Coordinator of Postgraduate specialization programs in "Law, Technology, and Innovation" and in "Mediation and Conflict Resolution"
  Responsible for defining strategies for the course, identifying market trends and opportunities, designing the course curriculum, selecting and managing relationships with faculty members, and maintaining communication between students and the institution.

- Coordinator of the Partnership with Clinton Global Initiative University (CGI U)
  Managed collaboration between the university and CGI U. Supervised over 90 student projects related to social impact, with more than 40 selected for support by the Clinton Foundation.

ACADEMIC ENGAGEMENT, SERVICE, AND VOLUNTEERING

Brazilian Bar Association (Ceará Section – OAB/CE)
Vice-president for the Special Committee on Mediation and Conciliation
2022 – present

- Responsible for developing the Committee's academic activities, including training sessions on conflict resolution. During this period, we conceived and implemented, alongside the Committee's Board, the "OAB Concilia" project, awarded by the National Council of Justice in the 14th edition of the Conciliar é Legal Award (2024 / Link). The project is based on three pillars: 1) raising awareness through courses for lawyers; 2) creating spaces for dialogue, such as a Mediation Chamber; 3) establishing strategic partnerships, including with the State Court for conciliation efforts.

Member of the Interinstitutional Council for Mediation, Restorative Justice, and Peace Culture of the Human Rights Department of the State of Ceará
2022 – present

- Represent the Brazilian Bar Association — Ceará Section (OAB Ceará) in discussions on the development of public policies for mediation, restorative justice, and a culture of peace, within an interinstitutional committee that brings together different organizations working in this field in the State of Ceará.

Coordinator – Young Leaders Project [Projeto Jovens Líderes]
2016 – 2020

- Coordinated a leadership training program for high school students from the state public school system, involving classes in Mediation and Conflict Management, Portuguese and English, Leadership, Arts, and Creative Thinking, as well as applied projects focused on citizenship development. Managed a team of eight teachers, monitored project performance indicators, held follow-up meetings, and curated teaching materials.

Invited Mentor and Judge in *Hackathons*
2020 – present

- Served as an invited mentor and judge in business development and innovation hackathons, supporting impact-oriented projects in areas such as public management, social innovation, gender equality, and technology. Activities included hackathons promoted by the UN Global Compact Brazil, the Municipality of Fortaleza, Unifor Hub, and the Women's Secretariat of the Government of the State of Ceará.
